The proposed Fairfield Township Veterans Memorial

features a circle of stately, granite monuments honoring the United States Navy, Marine Corps, Army, Air Force and Coast Guard that form a circle around a flagpole heralding the United States flag. A granite, hexagonal collar around the base of the flagpole highlight the names of veterans killed in action and other Purple Heart recipients. This is our hallowed ground.

On the opposite side of each service branch monument there will be one of the following: a POW/MIA dedication, a Gold Star Families dedication, the Veterans and Donor Recognition walls. An outer circle of poles display the flags of all five branches of the US Military.

In the outermost edge of the Memorial, twelve black granite benches provide laser-engraved images of US war fighters as well as scenes from US wars and conflicts ranging from the Revolutionary War through the the War on Terrorism.

Located at the intersection of Morris and Millikin Roads at Heroes Park, the proposed Fairfield Township Veterans Memorial will serve as an entrance to a recreational complex at the park. The Master Plan for Heroes Park also includes upgraded playground equipment in age-defined areas; a Police and Fire Memorial and a proposed covered stage and amphitheater for outdoor events.
